17/8/2014 · For this video we used Lurch's 2008 Harley Street Glide and did the rear brake pads. The fronts are basically the same except they are dual front rotors. We used Harley brake kit #41852-08B. This kit also comes with a tube of brake paste. We show you where and how to apply that to the back of the brake pad plates.

18/12/2015 · The brake system is the hardest working system on the Harley Davidson Dyna Glide. With the brake pads rubbing on the rotors each time you try to stop the bike, the friction wears them out. If you don't replace the brake pads on time, you start wearing out your rotors, which is

Re: Im changing rear brake pads on my 2003 superglide... You first have to release the complete brake assembly from the frame (2 screws). These are the LARGER screws. Then you have to also relieve some pressure in the system by loosening the nipple on the assembly. While the old pads are in the assembly open the gap by means of
