Picking up where the “tour de force” (The Providence Journal) Total Power left off, the next thriller in the #1 New York Times bestselling Mitch Rapp series follows the CIA’s top operative as he searches for a high-level mole with the power to rewrite the world order. Mitch Rapp has worked for a number of presidents over his career, but Anthony Cook is unlike any he’s encountered before.

The waterfall model is a breakdown of project activities into linear sequential phases, where each phase depends on the deliverables of the previous one and corresponds to a specialisation of tasks. [citation needed] The approach is typical for certain areas of engineering design [citation needed]. In software development, it tends to be among the less iterative and flexible approaches, as ...
