Home Building Guide Congratulations! T he House Designers understands what an exciting time this is to be building your dream home. In an effort to make the process easier, we have put together this Home Building Guide, which includes informative articles to inspire you and important checklists to keep you organized. ENJOY!

16/3/2021 · Build the posts. You will need 4 large posts for the corners. These can be whatever height or distance between that you like, but we recommend 12 ft (3.7 m) long, 4 by 4 in (10 by 10 cm) beams. Mark out an even 8 by 8 ft (2.4 by 2.4 m) square where you want the gazebo to go and then dig holes for the posts using a post hole digger.

To build your gazebo, begin by driving a two-foot piece of rigid electrical conduit at the intended center of the gazebo. Drive it in 18 inches. Remove the sod with a rented sod cutter. You'll need to excavate a nine-inch-deep area radiating out about 78 inches from the conduit.

3/9/2015 · A speed square (aka “rafter square” or “triangle square”) is a measuring multitool. Made of steel, aluminum, or plastic, this common carpenter’s tool combines a ruler, a Try square, a protractor, a line scribing tool, a common-width board ripping guide, and a saw guide for making accurate 90° and 45°
