24/10/2020 · I purchased the 36? 5.1 surround system. I set it up, the subwoofer & 2 small speakers are working but the surround bar is not. No sound or nothing is coming from it. It has speakers so I imagine sound should come from it. I did what the instructions indicated. Don't know what I did wrong. I used the HDMI ARC connection.

Its not surprisingly once entering this site to get the **Surround Sound System Manual** book. One of the popular books now is the PDF . You may be mortified because you cant find the photo album in the record stock in this area your city. Commonly, the popular lp will be sold quickly. And in imitation of you have found the hoard to buy the book, it will be hence harm gone you control out of it. This is why, searching for this popular compilation in this website will pay for you benefit. You will not govern out of this book.
