A satin weave is a type of fabric weave that produces a characteristically glossy, smooth or lustrous material, typically with a glossy top surface and a dull back. It is one of three fundamental types of textile weaves alongside plain weave and twill weave.. The satin weave is characterised by four or more fill or weft yarns floating over a warp yarn, and four warp yarns floating over a ...

Knitting is a method by which yarn is manipulated to create a textile or fabric. It is used in many types of garments. Knitting may be done by hand or by machine..

Knitting creates stitches: loops of yarn in a row, either flat or in the round (tubular).

There are usually many active stitches on the knitting needle at one time. Knitted fabric consists of a number of consecutive rows of connected ...
