2/8/2015 · The Spanish Civil War was the war which produced the “Molotov cocktail,” but Spain also witnessed the first widespread use of antitank weapons, especially guns and most notably the German Rheinmetall 37mm Pak 35/36 and its Russian copy, the Model 1932 45mm antitank gun. These weapons, when skillfully used, proved very effective against tanks.

Armoured warfare or tank warfare is the use of armoured fighting vehicles in modern warfare. It is a major component of modern methods of war. The premise of armoured warfare rests on the ability of troops to penetrate conventional defensive lines through use of manoeuvre by armoured
