prehistory to the industrial revolution. It provides a one-step textbook for the entire archaeology of Britain and reflects the most recent developments in archaeology both as a field subject and as an academic discipline.

I think he does the Mary Rose Trust a great injustice. Finally, the editorial preparation of this book was less than adequate. The word archaeologist is misspelled on the first page of the introduction, and other misspellings, missing words or phrases, and awkwardly written sentences appear throughout the text.
