10/3/2009 · In examining the characters and themes that recur in theatre, film and literature we learn much about human nature - a nature built upon instincts that have served our survival since prehistory. Theatre is one of the higher cultural activities that mark us as imaginative, creative and truly human; at the same time it reflects our animal origins and recalls the early struggles of our ancestors.

Operating theatres are a very important part of a hospital. Some operations need a large amount of equipment and a large number of trained staff. Each operating theatre specialises in a particular surgical specialty. You are very welcome learn about how theatres work and how patients are cared for within the theatre complex.

of theatre” (McCaslin 271). This form of art and its artists were highly respected. “Plato, in The Republic, advocated play as a way of learning.

Over the past decade, anaesthetists and human factors specialists have worked together to find ways of minimising the human contribution to anaesthetic mishaps. As in the functionally similar fields of aviation, process control and military operations, it is found that errors are not confined to those at the “sharp end”. In common with other complex and well defended technologies ...

8/5/2016 · Q: What is theatre? [Sir Howard Panter] Theatre is a place where one group of people- on stage- tell stories to another group of people who are sitting... usually in an auditorium... usually in the dark... listening to, and watching these stories. [Gilles Ste-Croix] Since human beings started to gather in groups and communities, they sensed the necessity to transmit their experiences and ...
