Knowledge sharing is the conduit through which solutions travel from place A to place B. But, quite

often, rather than being documented and shared, solutions are simply left behind, hidden in remote rural communities or tucked away in the heads of officials and development practitioners who have moved on to the next big task.

The KeyTrak Guardian is a customizable modular security solution that takes electronic key security to the next level by enabling you to manage multiple types of assets, such as satellite phones, global positioning systems, high-security keys, small equipment or access cards. All KeyTrak and Guardian systems are designed, built, and supported ...

The Limitless Creative Applications for Security In this episode Billy Langenstein, Director of Security Services and Investigations for the National Football League joins the team to talk about how the security team can generate data valuable to other departments and help support the goals of an organization, breaking the stereotype that a security department is a cost-center.
