The use of design principles applied to the visual elements is like visual grammar. When children learn art, it is like learning to read and write the language of vision. When they develop a style of expressing visual ideas, it helps them become visual poets. Looking for the visual effects of design principles does not have to limit an artist's ...

The FASEB Journal publishes international, transdisciplinary research covering all fields of biology at every level of organization: atomic, molecular, cell, tissue, organ, organismic and population. While the journal strives to include research that cuts across the biological sciences, it also considers submissions that lie within one field, but may have implications

for other fields as well.
