Hurting Kids Mood and Feelings Questionnaire (MFQ) | Developmental ...

when parents remain sensitive to the children's needs. Separation is often a surprise for children and they generally experience many of the same feelings as adults. Children can also grieve for quite a long time. They may be unaware of the problems their parents were having and they may feel shocked and confused when the separation occurs.

A simple question-and-answer format, this book is a valuable tool for helping children cope with divorce. It gently explains what divorce is, why parents' divorce, how to adjust to new living arrangements, how to handle feelings, and other basics to help children understand what's happening in their lives.

see their parent's separation or divorce in a complicated way. The range of feelings that a child may encounter include: disbelief and denial, sadness, loss, loneliness, depression, anger, anxiety, fear, relief, and hope. Response to these feelings often results in different levels of intensity (Smith, 1999).

about the separation. Many children hold onto a wish that their parents may get back together. Whatever has gone wrong in the relationship, both parents still have a very important part to play in their child's life.

18/1/2015 · Introduction. Separation anxiety is a developmentally appropriate reaction of distress to separation of the caregiver during infancy and central to the child's psychological development (Blatt 2004; Bowlby 1988; Mahler 2000). Although most children adequately learn to regulate their distress reaction to separation, some children continue to experience anxiety following separation.
