Organizing Formal Research Papers If you are writing a formal research paper, the following elements are usually used. Introduction Introduce the research question and explain the background of the issue you are researching. Review of Literature Synthesize background research on the topic. Methodology Explain your experiment/research process.

For student papers, either place these at the end of the paper (formal APA style) or incorporate them into the text; ask your instructor. How To Proceed • The hypotheses, methods and results are the easiest to write because they are the most concrete, so you may want to write these first. The introduction and discussion are often written next.
